Moodle

How do I upload a file or my syllabus to Moodle?

Prepare:

- Login to Moodle using the Mozilla Firefox browser, visit: [FAQ ID #1175](#)
- Find your course, visit: [FAQ ID #1176](#)
- Turn editing on, visit: [FAQ ID #1189](#)

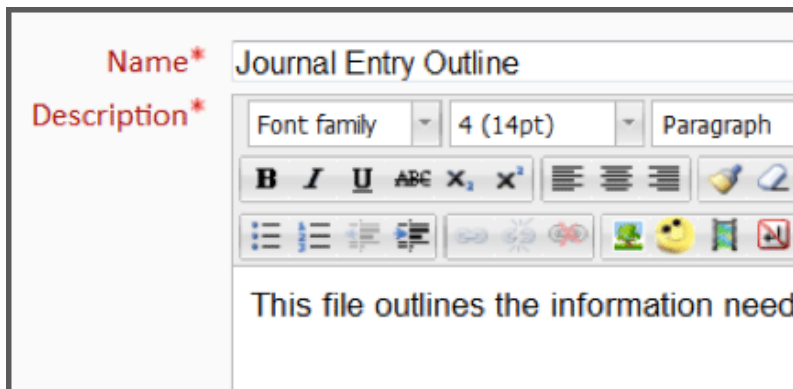

Uploading a File:

ex. Course Syllabus

1. If your course is in topic view, in the section where you want the page located, select the **Add an activity or resource** link.
-or-
If your course is in folder view, in the section where you want the page located, select the **Add resource** link.
2. Select **File** from the Resources menu.

3. In the **Name** and **Description** fields, provide a title and general description for the file.

A screenshot of the Moodle file upload form. The 'Name*' field contains the text 'Journal Entry Outline'. The 'Description*' field contains the text 'This file outlines the information need'. The form includes a rich text editor with various formatting options like bold, italic, underline, font family, font size, and paragraph style.
