Google Mail (Gmail)

Can Gmail automatically spell-check messages I write?

Yes, Gmail includes automatic spell-check. Misspelled words will have a red line below them. You can also check your spelling at any time by using the corner drop-down. Click **Check spelling** and the misspelled words in your message will be highlighted in yellow.

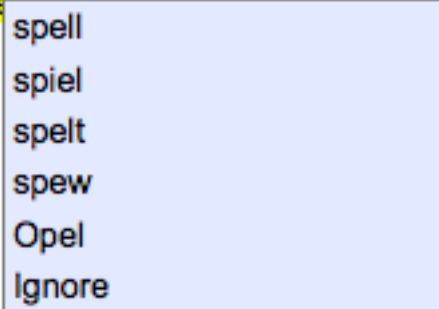

- Misspelled words are highlighted in yellow.

Hi John
My **speling** is so bad! I **shuld** run this **spel chek** thing.

- Click a misspelled word to see suggestions for similar words.

For futher help with spell-check try your internet browser:

[Firefox](#), [Google Chrome](#), and [Safari](#) automatically check your spelling and grammar as your type. Internet Explorer doesn't have it built in, but you can [add a plug-in](#) to do that for you.
